

InstructionAssessments—Academic Content Standards

The Board of Education may vote to adopt the academic content standards recommended by the State Board of Education (“State Board”).

If the Board of Education does not affirmatively vote to adopt an academic content standard recommended by the State Board, then the Board of Education will adopt a standard equal to or excess in rigor of the standard recommended by the State Board.

The administration shall be responsible for implementing assessments on the state standards in accordance with the procedures established by the State Board and the Department of Education, including conducting assessments in the same subject areas and the same grade levels as established in the state standards, and the reporting of scores and sub-scores.

This policy does not supersede the existing standards adopted by the Board of Education except as set forth herein.
